EXECUTIVE OFFICER'S REPORT**

AGENDA ITEM NO. 9

DATE: April 14, 2021

TO: Fresno Local Agency Formation Commission

FROM: David E. Fey, Executive Officer 

WORKSHOP: Presentation by Fresno Irrigation District General Manager on the Fresno Irrigation District Detachment Policy.

RECOMMENDATION: Conduct workshop and provide direction.

Executive Summary

On March 5, 2021, the Fresno Irrigation District (“FID”) Board of Directors adopted FID Policy No. 140-539, a detachment policy affecting parcels within the FID but annexed into cities’ historically outside of FID and served by a water supply from an irrigation district other than FID or its affiliated GSA.

This policy affects the northern portions of the Fowler and Sanger spheres of influence (“SOI”) (See attached map). The territories affected are in the cities’ SOIs but not city limits.

A copy of FID’s staff report and a map of the affected territory north of the City limits of the Cities of Fowler and Sanger are attached.

The FID General Manager will brief the Commission on the policy and be available for any questions that Commissioners may have.
