Subject: PPUD Annexation Progress - 6 month update

Follow Up Flag: Follow up
Flag Status: Flagged

Hi George,
Thought I'd send this early...

Since the 3 month update in May, we have completed and/or are working on the following:

1. 5/14/19 - PPUD and LAFCo staff attended the annual HOA meeting of the SJCC area (Outreach). We have copies of the agenda and attendance sheet.
2. 7/18/19 - PPUD and City (Brian Spindor) met. Brian brought maps of sewer lines and each area was reviewed/discussed. Jim provided historical and current information. Brian needs to research some areas, update maps with Jim's information and we will meet in Aug/Sept. PPUD will also provide sewer line maps to City GIS dept so GIS can also be updated accordingly.
3. Re: 4 areas Tenaya Park, Forkner, Palm Bluffs and Channing/Celeste - we are reviewing/verifying the parcel information (approx 380 parcels) provided by LAFCo (comparing to our customer database). We are updating our FAQ, will have copies printed and plan to mail to these 4 areas. Sept or Oct 1, 2019 is our target mail date.
4. After these 4 areas are noticed. Depending on questions/replies, etc., we will begin outreach to the last area - the 1235 parcels in the City (Figure 6 in the MSR).
5. If future outreach efforts go as smoothly and "question-free" as SJCC, we plan on submitting one application for the entire annexation.

If you should have any questions, let me know.

Thanks,
Elaine
