Fresno Local Agency Formation Commission
Fresno, California

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Fresno Local Agency Formation Commission (LAFCo) as of and for the year ended June 30, 2016, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above presented fairly, in all material respects, the financial position of LAFCo as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Fresno Local Agency Formation Commission

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-4 and 17-18 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2018, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

FRESNO LOCAL AGENCY FORMATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2016

The Fresno Local Agency Formation Commission ("Commission") administers in Fresno County a section of California Government Code known as the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 ("CKH"). The Commission is delegated regulatory and planning responsibilities to coordinate the logical formation and development of local agencies in a manner preserving agricultural and open-space resources, promoting the orderly extension of municipal services, and discouraging urban sprawl. Key duties include regulating boundary changes through annexations or detachments, approving city incorporations or dis-incorporations, and forming, consolidating, or dissolving special districts. The Commission is also responsible for preparing studies to inform its regulatory activities, including establishing and updating spheres of influence for all cities and special districts within its jurisdiction. Spheres of influence are planning tools used by the Commission to designate the territory it believes represents the appropriate and probable future service area of the affected agency. All jurisdictional changes, such as annexations, must be consistent with the spheres of influence of the affected agencies with limited exceptions. As of June 30, 2016, there are currently 15 cities, 29 dependent special districts, and 74 independent special districts in Fresno County subject to Commission jurisdiction.

The Commission was first established in 1963 as an office within the County of Fresno. From 1963 to 2000, 100% of the Commission's annual budget was funded by the County. On July 1, 2001, in conjunction with the enactment of the CKH, the Commission became independent of the County. This transition was highlighted by the Commission appointing its own executive officer and legal counsel as well as altering its funding to include contributions from the 15 cities in Fresno County: Clovis, Coalinga, Firebaugh, Fowler, Fresno, Huron, Kerman, Kingsburg, Mendota, Orange Cove, Parlier, Reedley, San Joaquin, Sanger, and Selma. The County is now responsible for funding 50% of the Commission's annual budget with the remaining portion divided among the 15 cities based on a formula as provided under Government Code Section 56381. CKH permits independent special district representation on the Commission however; to date, the special districts have not formally initiated this process.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The following is a condensed presentation of assets and liabilities as of FYE 6/30/2016 and FYE 06/30/2015, respectively:

This report is intended solely for the information of the Commission, management and the County and cities that fund the Commission and is not intended to be and should not be used by anyone other than these specified parties.

FRESNO LOCAL AGENCY FORMATION COMMISSION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity

The Fresno Local Agency Formation Commission (LAFCo) was created by the California Legislature in 1963. There are 58 county LAFCo's in California. Fresno LAFCo's objectives are to encourage the orderly formation of local governmental agencies, preserve agricultural land resources, and to discourage urban sprawl. LAFCo is under the direction of the Commission which is composed of two County Supervisors and one alternate, two city council members from the County's 15 cities and one alternate, and one member from the public that is appointed by the other four seated Commissioners and one alternate public member.

The Commission is responsible for coordinating logical and timely changes in local governmental boundaries, conducting special studies that review ways to reorganize, simplify, and streamline governmental structure and preparing a sphere of influence for each city and special district within each county.

As of June 30, 2016 there are 15 cities and 103 special districts under the jurisdiction of the Commission in Fresno County.

B. Basis of Presentation and Accounting

Government-Wide Statements

The statement of net position and statement of activities display information about the primary government (Commission). These statements include the financial activities of the overall Commission.

The statement of activities presents a comparison between direct expenses and program revenues for the Commission's governmental activity. Direct expenses are those that are specifically associated with the Commission. Program revenues are restricted to meeting the operational or capital requirements of the Commission. Revenues that are not classified as program revenues, including all taxes and investment income, are presented as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flows take place.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available (susceptible to accrual). Taxes, interest, certain state and federal grants, and charges for services revenues are accrued when their receipts occurs within sixty days after the end of the accounting period so as to be measurable and available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

The General Fund is the Commission's primary operating fund. It accounts for all financial resources of the general government.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016
(Continued)

C. Compensated Absences

Full-time employees paid directly by the Commission with less than two years of continuous service accrue paid time off at the rate of 21 working days per year. Upon completion of two continuous years of service, the employee shall earn one additional day of paid time off each year of service thereafter, until the end of the tenth year. Part-time employees paid directly by the Commission who work 20 hours or more currently accrue paid time off benefits on a pro rata basis. Employees paid directly by the Commission can accrue a maximum of three times their annual accrual rate. The Executive Officer has a separate contract that includes different benefits, but must comply with the employee handbook.

The Commission accounts for compensated absences in accordance with Governmental Accounting Standards Board Statement No. 16 *Accounting for Compensated Absences*. An employee whose employment terminates will be paid for accrued unused vacation on a pro-rata basis. There is no payout of sick leave upon termination from the Commission.

D. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Accounts Receivable

Accounts receivable consists primarily of MSR fees billed but not collected. LAFCo does not enforce payment by the cities and districts for the services they have provided. However, LAFCo keeps a list of cities and districts that have been billed but have not paid and plans to request payment of their outstanding bill when these entities request services from LAFCo in the future. LAFCo utilizes the direct write-off method for bad debts. At June 30, 2016, no material write-offs are expected for accounts receivable.

F. Prepays

Prepaid expenditures represent payments made to vendors for services that will benefit periods beyond June 30, 2016.

G. Property and Equipment

Property and equipment are recorded at cost less accumulated depreciation. It is the Commission's policy to capitalize property and equipment over \$5,000, lesser amounts are expensed. Repairs and maintenance and minor alterations are charged to expense as incurred. Costs which are considered improvements are added to the appropriate capital asset account. Depreciable assets are depreciated over their estimated useful lives using the straight-line method. Estimated useful lives are as follows:

Office equipment	3 years

Custodial Credit Risk

Custodial credit *risk* for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provisions for deposits: The California Government Code requires that financial institution secure deposits made by the state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California laws also allows financial institutions to secure district deposits by pledging the first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2016 the Commission's deposits were in excess of FDIC limits. Management does not believe the Commission is exposed to any significant risk related to cash for those times when the FDIC limits are exceeded.

Note 3 - PROPERTY AND EQUIPMENT:

Property and equipment consists of the following:

	June 30, 2016
Office equipment	\$6,738
Accumulated depreciation	<u>6,738</u>

NOTE 5 - NET POSITION/FUND BALANCE:

Net Position

Net position comprises of the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net position is classified in the following three components: Invested in capital assets (net of related debt), restricted and unrestricted. The Commission has unrestricted funds. Unrestricted net position represents net position not included in the above categories.

Fund Balance

Governmental funds report fund balance in classifications based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2016, fund balances for governmental funds are made up of the following:

- *Nonspendable fund balance* – amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- *Restricted fund balance* – amount constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- *Committed fund balance* – amounts constrained to specific purposes by the Commission itself, using its highest level of decision-making authority. To be reported as committed, amounts cannot be used for any other purpose unless the Commission takes the same highest level of action to remove or change the constraint.
- *Assigned fund balance* – amounts the Commission intends to use for a specific purpose. Intent can be expressed by the Commission’s board or by an official or body to which the Commission’s board delegates the authority.
- *Unassigned fund balance* – amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The Commission’s board establishes fund balance commitments by adopting a final budget no later than June 15th and approving amendments as needed throughout the fiscal year. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund.

NOTE 6 - RELATED PARTY TRANSACTIONS:

During the fiscal year ended June 30, 2016, the Commission paid Fresno County, a related party, \$17,180 for support services.

FRESNO LOCAL AGENCY FORMATION COMMISSION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016
(Continued)

In addition, the Commission received \$186,206 during the fiscal year ended June 30, 2016, from Fresno County, a related party, pursuant to Government Code Section 56381. The County provides half of the intergovernmental revenue to the Commission. The other half is funded by the 15 cities in Fresno County.

NOTE 7 - PENSION PLAN:

The Executive Officer's contract authorizes his participation in a retirement plan called ICMARC, which the Commission will match up to 10% of the employee's contribution. The contribution for the fiscal year ended June 30, 2016 was \$12,187.

On May 6, 2015, the Commission approved a qualified defined contribution plan for its full-time employees, which the Commission contributes 10% of its employees gross salary to the retirement plan, ICMARC. Employees are fully vested in the Commission's contribution upon the completion of three years of service. The contribution for the fiscal year ended June 30, 2016 was \$6,408.

NOTE 8 - CONTINGENCY:

LAFCo is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of LAFCo.

NOTE 9 - SUBSEQUENT EVENTS:

The Commission has reviewed the results of the operations and evaluated subsequent events for the period of time from its year ended June 30, 2016 through the date of the auditors' report.

The Commission has determined that no adjustments are necessary to amounts reported in the accompanying financial statements, and no subsequent events have occurred, the notice of which would require disclosure.

FRESNO LOCAL AGENCY FORMATION COMMISSION
NOTE TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2016

BUDGET AND BUDGETARY REPORTING

The Commission prepares and legally adopts a final budget on or before June 15th of each fiscal year.

After the budget is approved, the appropriations can be added to, subtracted from or changed only by Commission resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Commission.

An operating budget is adopted each fiscal year on the modified accrual basis. Additionally, encumbrance accounting is utilized to assure effective budgetary control. The budget is presented in the accompanying general purpose financial statements on a basis consistent with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Fresno Local Agency Formation Commission (LAFCo) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated June 19, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Commission's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given those limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that may have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Commission in a separate letter dated June 19, 2018.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
